

FRAUD IS ON THE RISE PREVENT IT!

Every business is susceptible to telecom fraud.
Protect yours with Fraud Monitor.

FRAUD FACTS

Telecoms fraud costs over £100 billion a year globally and £750 million in the UK.

Fraudsters hack into business phone systems and use them to ring premium numbers, leaving business owners liable to pay the bill.

PREVENT FRAUD TODAY

Fraud Monitor checks your call patterns and alerts us to any suspicious activity, allowing us to stop any potential fraud from occurring.
