Dear Nick & Team

Re: Testimonial

---

I would just like to thank everyone at the Nix group for all their hard work in getting our Telephone systems upgraded.

We are absolutely thrilled with not only the results in what they delivered but the cost saving this will now have on our business.

It's sometimes true to say "If it's not broken don't fix it...", however I would have to add to that sentence "...Until you have spoke to Nix!"

They are an extremely friendly and helpful organisation. I would have no problem in referring them to any business looking to review their business communication systems.

Regards
